

Current loading	16A
Working Voltage	200-240VAC,50/60HZ
Power Consume	<0.3w
Working Environment	Temperature: 0~+45℃ Relative Humidity: RH<85%
Storage Environment	Temperature: 0~+55℃ Relative Humidity: RH<95%
Setting temperature	5 ~ 99℃
Temperature Control Precision	+/-1℃
Temperature Sensing Element	NTC Resistance
Surface Material	PC Engineering Plastic
Install way	Wall insert
Junction box	80x80 (European standard)
CE certifie (EMC and LVD)	EN55024,EN61000, EN60950
RoHs certificate	IEC62321(Ed.1)
